# LEGAL BASIS FOR THE QUARTERLY ECONOMIC AND BUDGETARY REVIEW REPORT

The Quarterly Economic and Budgetary Review Report is Published in accordance with Section 83 of the Public Finance Management Act, 2012. It states as follows:

- **83.** (1) An accounting officer for a national government entity shall prepare a report for each quarter of the financial year in respect of the entity.
- (2) In preparing a quarterly report for a national government entity, the accounting officer shall ensure that the report—
  - (a) Contains information on the financial and non-financial performance of the entity; and
  - (b) Is in a form that complies with the standards prescribed and published by the Accounting Standards Board from time to time.
- (3) Not later than fifteen days after the end of each quarter, the accounting officer shall submit the quarterly report to the Cabinet Secretary responsible for the entity and the National Treasury.
- (4) The Cabinet Secretary responsible for an entity shall forward a copy of the report to the Cabinet Secretary and Controller of Budget.
- (5) Not later than forty five days after the end of each quarter, the National Treasury shall—
  - (a) consolidate the quarterly reports and submit them to the National Assembly and a copy of the reports to the Controller of Budget, Auditor General and the Commission on Revenue Allocation; and
  - (b) Publish and publicize the reports.
- (6) In the case of an entity that is a state corporation, the accounting officer for the corporation shall submit the quarterly report to the Cabinet Secretary responsible for the corporation who shall, upon approving it, forward a copy to the Cabinet Secretary.

# HIGHLIGHTS OF THE FIRST QUARTERLY ECONOMIC AND BUDGETARY REVIEW REPORT IN THE 2021/22 FINANCIAL YEAR

#### 1. Economic growth

The rebased national accounts data indicates that the Kenyan economy contracted by 0.3 percent in 2020 compared to a growth of 5.0 percent in 2019. This performance reflects the adverse effects of the COVID-19 pandemic, which disrupted activities mainly in the services sectors. The economy has demonstrated signs of recovery in 2021 with real GDP growth rates of 0.7 percent in the first quarter and 10.1 percent in second quarter, mainly supported by robust performance of education, ICT, transport and storage, health, financial and insurance and manufacturing sectors.

#### 2. Stable prices

Year-on-year overall inflation rate remained low, stable and within the Government target range of 5+/-2.5 percent. In September, 2021, it increased to 6.9 percent from 4.2 percent in, 020 driven by higher fuel and food prices.

#### 3. Interest Rates

Short-term interest rates remained fairly low and stable. The Central Bank Rate was retained at 7.0 percent to signal lower lending rates. The average lending rate increased slightly to 12.1 percent in September, 2021 compared to 11.8 percent in September, 2020 while the average deposit rates remained fairly stable at 6.3 percent from 6.4 percent over the same period.

#### 4. Money and Credit

Broad money supply, M3, moderated to a growth of 8.7 percent in the year to September, 2021 compared to a growth of 10.7 percent in the year to September, 2020. This reflected a relatively lower Net Foreign Assets (NFA) and reduced growth in the net lending to Government component of the Net Domestic Assets (NDA).

#### 5. Current Account

The current account deficit was at USD 5,989.3 million (5.5 percent of GDP) in September, 2021 compared to USD 4,938.2 million (5.0 percent of GDP) in September, 2020. The current account balance was supported by an improvement in the net primary income balance and the net secondary income balance.

#### 6. Foreign Exchange Reserves

The official foreign exchange reserves held by the Central Bank increased to USD 9,632.2 million (5.8 months of import cover) in September, 2021 compared to US\$ 8,765.1 million (5.4 months of import cover) in September, 2020. This fulfils the requirement to maintain the reserves at minimum of 4.0 months of imports cover to provide adequate buffer against short term shocks in the foreign exchange market.

#### 7. Capital Markets

The NSE 20 Share Index stood at 2,131 points by end of September, 2021, an improvement compared to 1,852 points by end September 2020. Market capitalization also increased to KSh. 2,779 billion from KSh. 2,148 billion over the same period indicating increased trading activities.

#### 8. Revenue Collection

The National Government's cumulative revenue collection including A-I-A for the period between July – September, 2021 amounted to KSh. 506.3 billion (4.0 percent of GDP) against a target of KSh. 480.3 billion. The revenue was above the set target by KSh. 26.0 billion on account of over performance on all tax revenues except income tax and import duty.

#### 9. Expenditure and Net Lending

The total expenditure and net lending inclusive of transfers to County Governments for the period ending 30th September, 2021 amounted to KSh. 631.7 billion, against a target of KSh. 665.8 billion. The resultant under expenditure of KSh. 34.1 billion is mainly attributed to lower absorption recorded in development expenditures (Ministerial AIA) by the National Government and lower than targeted transfers to County Governments.

#### 10. Guaranteed Debt

The government did not service any guaranteed debt on behalf of Parastatals during the period under review. As at the end of September, 2021, all guaranteed debts were performing.

#### 11. Fiscal Balance

The fiscal balance excluding grants (on a commitment basis) amounted to a deficit of KSh. 125.4 billion (1.0 percent of GDP), as at the end September, 2021.

#### 12. External Financing

The Net Foreign Financing was a net repayment of KSh. 28.2 billion (0.2 percent of the GDP) during the period under review.

#### 13. Net Domestic Borrowing

Net domestic financing amounted to a net borrowing of Ksh140.0 billion (1.1 percent of GDP) in the period ending 30th September, 2021.

#### 14. Domestic Debt Stock

The stock of gross domestic debt increased by KSh. 480.7 billion from KSh. 3,457.1 billion in September, 2020 to KSh. 3,937.8 billion in September, 2021.

#### 15. External Debt Stock

The total external debt stock, including the International Sovereign Bond, stood at KSh. 4,058.5 billion by the end of September, 2021. The debt stock comprised of multilateral debt (41.9 percent), commercial debt (29.5 percent), bilateral debt (28.3 percent) and suppliers' credit (0.3 percent).

#### 1.0 RECENT ECONOMIC DEVELOPMENTS

#### 1.1 Economic Growth

1. The National Accounts was revised and rebased in 2020 whereby the base year was changed from 2009 to a more current base year of 2016. The revised growth rates are relatively lower than the previous ones, largely on account of basing, change of benchmark data, data sources as well as revision of time series indicators (**Chart 1**).

6.3 5.9 7.0 5.6 Real GDP Growth (%) 5.4 6.0 4.8 4.2 5.0 3.8 4.0 3.0 2.0 0.6 1.0 0.0 2016 2017 2018 2019 2020 ■ Previous Growth Rates Revised Growth Rates

**Chart 1: Annual Real GDP Growth rates (Percent)** 

Source of Data: Kenya National Bureau of Statistics

2. The revised and rebased National Accounts show that the Real Gross Domestic Product (GDP) is estimated to have contracted by 0.3 percent in 2020 from a growth of 5.0 percent in 2019. The contraction was due to the adverse impact of COVID-19 pandemic and the resultant swift containment measures. Kenya also was faced with two other shocks in 2020: the invasion of swarms of desert locusts that damaged crops; and floods following receipt of above normal rainfall in May 2020. The contraction was spread across all sectors of the economy but was more dismal in accommodation and restaurant, education, and transport and storage. The economy was somewhat supported by accelerated growths in agricultural production, construction activities, and health services.

#### Sectoral Economic Performance in 2021

- 3. Activities in agriculture, forestry and fishing sector recorded a slowdown in the first and second quarters of 2021. The sector is estimated to have contracted by 0.9 per cent in the second quarter of 2021 compared to a growth of 4.9 per cent in the corresponding quarter of 2020 (**Table 1**). This was mainly on account of less than expected rainfall during the period with a significant decline in tea production in the corresponding quarter of 2021. The sector's performance was cushioned from a steeper slump by a notable improvement in the production of milk, horticultural products and sugarcane. The volume of vegetables, cut flowers and fruit exports increased by 58.1 per cent, 55.2 per cent and 23.5 per cent, respectively over the same period.
- 4. The performance of the industry sector improved to a growth of 5.8 percent in in the second quarter of 2021 compared to a contraction of 0.5 percent in the second quarter of 2020. This was mainly on account of improved performance of the manufacturing and electricity and water supply sectors.

Source of Data: Kenya National Bureau of Statistics

- 5. Electricity and Water Supply sector grew by 5.2 per cent in the second quarter of 2021 compared to a 4.7 per cent contraction in the second quarter of 2020. The increase in electricity generation was notable from all sources except geothermal. Electricity generated from both thermal and wind expanded by about 69.0 per cent in the second quarter of 2021 compared to a contraction of 64.9 per cent and 29.3 per cent, respectively, in the same quarter of 2020. Electricity generated from hydro increased by 4.6 per cent in the second quarter of 2021.
- 6. The manufacturing sector grew by 9.6 per cent in the second quarter of 2021 compared to a contraction of 4.7 per cent in the same period of 2020 supported by an improvement in both the Manufacture of food (6.7 percent) and non-food products (12.2 percent). The improved production of non-food products was evident in assembly of motor vehicle (10.0 per cent), manufacture of galvanized iron sheets (34.5 percent) and manufacture of paper and paper products (13.5 percent).
- 7. The Construction sector relatively declined to a growth of 6.5 per cent in the second quarter of 2021 compared to 8.2 per cent growth in the second quarter of 2020. However, the cement consumption increased by 29.3 per cent in the second quarter of 2021, pointing to sustenance of performance in economic activities in the sector.
- 8. The activities in the services sector improved significantly due to the 2020 base effect. This sector was the most hit by the COVID-19 pandemic in 2020. One of the measures put in place to combat the pandemic was cessation of movement and in some regions. This culminated into a significant decline in most of the service sub-sectors during the second quarter of 2020. The sector grew by 15.7 percent in the second quarter of 2021 compared to a contraction of 6.7 percent in the second quarter of 2020.

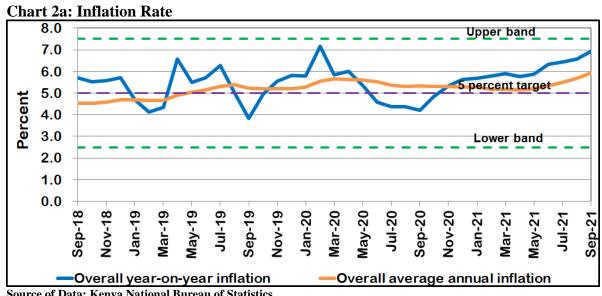

- 9. Accommodation and Food Service sector grew by 9.1 per cent in the second quarter of 2021 compared to 56.8 per cent contraction in the second quarter of 2020. Number of visitor arrivals and hotel operations improved tremendously in the review period after relaxation of most of the restrictions related to COVID-19 pandemic.
- 10. Transportation and Storage sector grew by 16.9 per cent in the second quarter of 2021 compared to a contraction of 16.8 per cent in the first quarter of 2020. The accelerated growth was as a result of lifting of restrictions on domestic and international movement which was in place in the second quarter of 2020. Freight movement through Standard Gauge Railway (SGR) increased, number of visitor arrivals and passenger transport through SGR increased in the second quarter of 2021 compared to the second quarter of 2020.

#### Leading Economic Indicators for 2021

11. Leading indicators for the economy point to a strong GDP recovery in 2021, mainly supported by robust performance of construction, manufacturing, education, real estate and transport and storage sectors. The enhanced COVID-19 containment measures implemented in the second and third quarters of 2021 are expected to have had a moderate impact on output, as businesses in most sectors continued to operate. These measures affected five counties (Nairobi, Kiambu, Machakos, Kajiado and Nakuru) between 26th March to 1st May, and the 13 western lake basin region, between 18th June and 30th July. The economy is expected to rebound in 2021, supported by the continued reopening of the services sectors, recovery in manufacturing, and stronger global demand.

#### 1.2 **Inflation**

12. Year-on-year overall inflation rate has remained low, stable and within the policy target range of 5+/-2.5 percent since end 2017. The year-on-year inflation rate increased to 6.9 percent in September, 2021 from 4.2 percent in September, 2020 driven by higher fuel and food prices. Similarly, overall annual average inflation also remained within Government target range at 5.9 percent in September, 2021 compared to the 5.3 percent recorded in September, 2020 (Chart 2a).

Source of Data: Kenya National Bureau of Statistics

- 13. Food inflation remain the main driver of overall inflation in September, 2021, contributing 3.9 percentage points, an increase, compared to a contribution of 2.0 percentage points in September, 2020 (Chart 2b). The increase was mainly attributed to dry weather conditions and supply constraints that resulted in a rise in prices of key food items particularly cabbages, spinach, kale, tomatoes, carrots, beef, onions and oranges. Fuel inflation contributed 1.8 percentage points to year-on-year overall inflation in September, 2021 compared to 1.5 percentage points in September, 2020 following a pickup in international oil prices. The higher fuel inflation is mainly attributed to the increase in prices of petrol, diesel, kerosene/paraffin, electricity and gas/LPG.
- 14. The contribution of core inflation to year-on- year overall inflation has been low and stable, consistent with the muted demand pressures in the economy on account of prudent monetary policies. The contribution of core inflation to overall inflation increased to 1.0 percentage points in September, 2021 from 0.5 percentage points in September, 2020, reflecting a pick-up in economic activities and the effects of the implementation of the new tax measures.

6.9 7.5 6.6 6.4 6.3 5.9 5.9 5.7 5.8 5.8 5.6 1.0 0.9 Contribution (% points) 5.3 1.0 6.0 0.9 4.8 0.8 0.8 8.0 8.0 0.7 4.2 1.8 1.5 4.5 1.9 2.0 1.8 2.0 2.1 2.3 1.6 3.0 1.5 3.9 3.9 3.3 3.0 1.5 0.0 Oct-20 Nov-20 Dec-20 Feb-21 Jun-21 Mar-21 Apr-21 May-21 Aug-21 Jan-21 Jul-21 Core Fuel Overall Food

Chart 2b: Contribution to Overall Year-on-Year Inflation

Source of Data: Kenya National Bureau of Statistics

15. Kenya's year-on year overall inflation rate compares favorably with the rest of Sub-Saharan Africa countries. In September, 2021, Kenya recorded a lower inflation rate than Burundi, Ghana, Nigeria and Zambia (Chart 2c).

25.0 22.1 Y-O-Y Inflation rate (%) 20.0 16.6 15.0 10.5 10.6 6.9 10.0 5.0 4.0 3.5 2.2 5.0 0.0 (5.0)Uganda Rwanda' Kenya Ghana Nigeria Zambia Namibia Tanzania South Africa

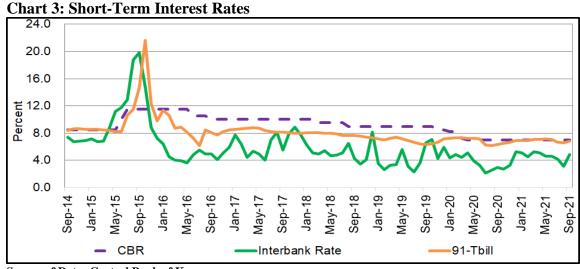

Chart 2c: Year on Year Inflation Rates of selected Sub-Saharan African Countries (September, 2021)

**Source of Data: National Central Banks** 

#### 1.3 Interest Rates

16. Short-term interest rates remained fairly low and stable. The Central Bank Rate (CBR) was retained at 7.0 percent on 28th September, 2021 to signal lower lending rates in order to support credit access by borrowers especially the Small and Medium Enterprises (SME) distressed by COVID-19 pandemic. The money market was relatively liquid in September, 2021 supported by government payments. As such, the interbank rate remained low but increased slightly to 4.9 percent in September, 2021 from 3.0 percent in September, 2020 (Chart 3).

17. Interest rates on the Treasury bills remained relatively stable in September, 2021. The 91-day Treasury Bills rate was at 6.8 percent in September, 2021 compared to 6.3 percent in September, 2020. Over the same period, the 182-day Treasury Bills rate increased to 7.3 percent from 6.7 percent while the 364-day also increased to 7.8 percent from 7.6 percent.

Source of Data: Central Bank of Kenya

18. The improved liquidity in the money market has resulted in stable commercial bank rates. The average lending rate increased slightly to 12.1 percent in September, 2021 compared to 11.8 percent in September, 2020 while the average deposit rates remained fairly stable at 6.3 percent from 6.4 percent over the same period. This led to an increase in the average interest rate spread by 0.5 percentage points over the review period.

#### 1.4 Money and Credit

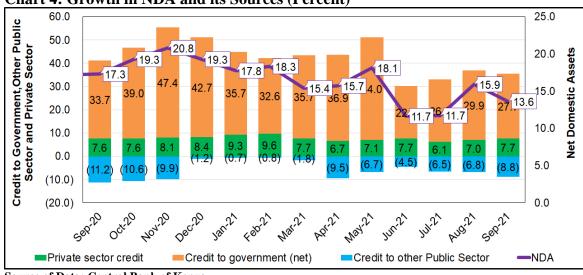

- 19. Broad money supply, M3, moderated to a growth of 8.7 percent in the year to September, 2021 compared to a growth of 10.7 percent in the year to September, 2020 (**Table 2**). This was due to a relatively lower Net Foreign Assets (NFA) and a decline in growth of the net lending to Government component of the Net Domestic Assets (NDA).
- 20. Net Domestic Assets (NDA) registered a growth of 13.6 percent in the year to September, 2021, a decline compared to a growth of 17.3 percent over a similar period in 2020 (**Table 2, Chart 4**). This moderation mainly reflected a slowdown in net lending to government resulting from a reduced utilization of Government deposits at the Central Bank of Kenya. Growth in the net credit flows to the private sector and other public sectors improved during the review period.

Source of Data: Central Bank of Kenya

21. Private sector credit improved to a growth of 7.7 percent in the 12 months to September, 2021 compared to a growth of 7.6 percent in the year to September 2020. All economic sectors, except mining and quarrying, registered positive credit growth rates reflecting improved demand as economic activities picked up in the first three quarters of 2021. Strong credit growth was mainly observed in consumer durables; finance and insurance; transport and communication; manufacturing and business services. The Credit Guarantee Scheme for the vulnerable Micro, Small and Medium Enterprises (MSMEs) that was launched in October, 2020, continues to de-risk lending by commercial banks and is critical to increasing credit flow to the private sector.

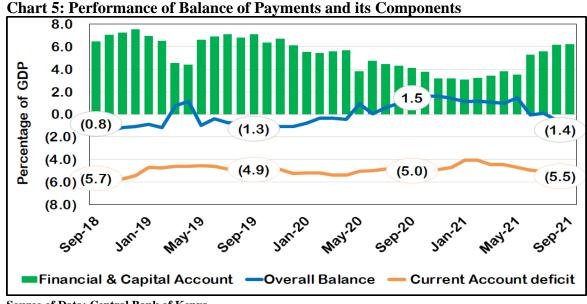

**Chart 4: Growth in NDA and its Sources (Percent)** 

Source of Data: Central Bank of Kenya

22. Net Foreign Assets (NFA) of the banking system in the year to September, 2021 contracted by 11.7 percent, compared to a contraction of 10.3 percent in the year to September, 2020. The decline in NFA of the Central Bank was largely due to scheduled debt service and other central bank operations. The NFA of commercial banks also declined during the review period as a result of a decrease in deposits abroad.

#### 1.5 Balance of Payments

23. The overall balance of payments position declined to a deficit of USD 1,499.8 million (1.4 percent of GDP) in September, 2021 from a surplus of USD 1,457.5 million (1.5 percent of GDP) in September, 2020 (**Chart 5**). This was mainly due to a decline in receipts from services despite an improvement in the capital and financial accounts.

Source of Data: Central Bank of Kenya

24. The current account remained fairly stable in the year to September, 2021. The current account deficit was at USD 5,989.3 million (5.5 percent of GDP) in September

2021 compared to USD 4,938.2 million (5.0 percent of GDP) in September, 2020. The current account balance was supported by an improvement in the net primary income balance and the net secondary income balance.

- 25. The balance in the merchandise account reduced by USD 1,449.0 million to a deficit of USD 10,459.5 million in September, 2021 mainly due to increased payments on imports despite an improvement in the export earnings (**Table 3**). In September 2021, exports grew by 8.2 percent primarily driven by increased receipts from exports of horticulture and manufactured goods. On the other hand, imports of goods increased by 12.9 percent in September, 2021 mainly reflecting increases in imports of oil and other intermediate goods.
- 26. Net receipts on the services account declined by USD 538.9 million to USD 87.3 million in September, 2021 compared to USD 626.3 million in a similar period in 2020 mainly on account of lower receipts from transport and travel services. The balance on the primary account improved by USD 130.7 million to a deficit of USD 1,411.6 million in September, 2021, due to lower reinvestment related outflows. Net Secondary income remained resilient and increased by USD 806.0 million during the review period supported by remittances.
- 27. The capital account balance improved by USD 283.1 million and registered a surplus of USD 438.2 million in September, 2021(**Table 3**). Net financial inflows also improved to USD 6,359.4 million in September, 2021 compared to USD 3,907.7 million in September, 2020. The net financial inflows were mainly in the form of other investments, portfolio investments and financial derivatives. Direct investments recorded net financial outflows during the same period.

#### 1.6 Foreign Exchange Reserves

- 28. The banking system's foreign exchange holdings remained strong at USD 14,089.1 million in September 2021 from USD 12,585.0 million in September 2020. The official foreign exchange reserves held by the Central Bank increased to USD 9,632.2 million (5.8 months of import cover) in September, 2021 compared to US\$ 8,765.1 million (5.4 months of import cover) in September, 2020 (**Chart 6**).
- 29. The official reserves fulfils the requirement to maintain reserves at minimum of 4.0 months of imports cover to provide adequate buffer against short term shocks in the foreign exchange market. Commercial banks holdings increased to USD 4,457.0 million in September 2021 from USD 3,819.9 million in September 2020.

Chart 6: Foreign Exchange Reserves by September, 2021

Source of Data: Central Bank of Kenya

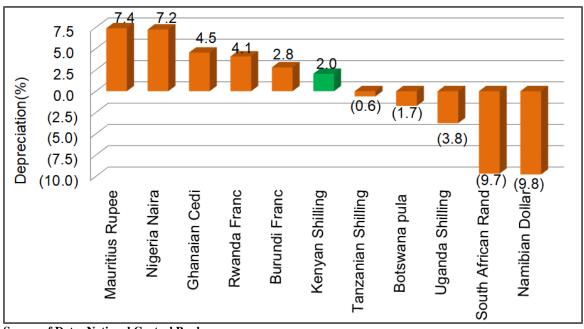

#### 1.7 Exchange Rates

30. The foreign exchange market has largely remained stable but slightly affected by tight global financial conditions attributed to uncertainty with regard to the COVID-19 pandemic. In this regard, the Kenya Shilling to the US Dollar exchanged at Ksh 110.1 in September, 2021 compared to Ksh 108.4 in September 2020. Over the same period, the Euro exchanged at Ksh 129.8 compared to Ksh 127.9 while the Sterling Pound exchanged at Ksh 151.5 from Ksh 140.8 (Chart 7a).

31. In comparison to most Sub-Saharan Africa currencies, the Kenya Shilling has remained relatively stable weakening by 1.6 percent against the US Dollar (Chart 7b). This depreciation of the Kenya Shilling was lower than that of Rwanda Franc, Nigerian Naira, Mauritius Rupee, Burundi Franc and Ghanaian Cedi. The stability in the Kenya Shilling was supported by increased remittances, adequate foreign exchange reserves and favorable horticultural exports.

Chart 7b: Performance of Selected Sub-Saharan Countries Currencies against the US Dollar (September, 2020 to September, 2021)

**Source of Data: National Central Banks** 

#### 1.8 Capital Markets

32. Activity in the capital markets improved in September, 2021 compared to September, 2020, with equity share prices increasing as shown by the NSE 20 Share Index. The NSE 20 Share Index stood at 2,131 points by end of September, 2021, an increase compared to 1,852 points by end September, 2020. Market capitalization also increased to KSh. 2,779 billion from KSh. 2,148 billion over the same period indicating increased trading activities (**Chart 8**).

#### 2.0 FISCAL DEVELOPMENTS

#### 2.1 Revenue

- 33. By the end of September, 2021, total revenue collected including A-I-A amounted to KSh. 506.3 billion against a target of KSh. 480.3 billion (**Table 4**). The revenue collection was above the set target by KSh. 26.0 billion. All revenue categories recorded over performance during the period under review except other income tax which underperformed by KSh. 9.1 billion. The total revenue inclusive of the ministerial A-I-A recorded a growth of 33.7 percent compared to a contraction of 10.1 percent recorded in September 2020. This performance is largely attributed to the gradual reopening of the economy and the relaxation of the Covid-19 containment measures which have adversely affected economic activities since March 2020. Ordinary revenue collection was KSh. 441.8 billion against a target of KSh. 425.1 billion, KSh. 16.7 billion above the target (**Chart 9**).
- 34. The ministerial A-I-A collected amounted to KSh. 64.5 billion against a target of KSh. 55.2 billion, KSh. 9.3 billion above the target. The good performance of A-I-A was mainly due to timely reporting of SAGAs' A.I.A through the expenditure returns for the period under review. The Railway Development Levy collection amounted to KSh. 8.0 billion against a target of KSh. 7.7 billion. The revenue data in Government Finance Statistics Manual 2014 (GFSM 2014) format is shown in annex II.

Source of Data: National Treasury

#### 2.2 Expenditure

36. The total expenditure and net lending for the period under review amounted to KSh. 631.7 billion, against a target of KSh. 665.8 billion. The resultant under expenditure of KSh. 34.1 billion is attributed to lower absorption recorded in development expenditures (A-I-A) by the National Government and below target transfers to County Governments. Recurrent expenditure for National Government amounted to KSh. 444.6 billion (excluding KSh. 9.1 billion for Parliament and Judiciary), against a target of KSh. 436.8 billion which was KSh. 7.8 billion above the set target. The over expenditure in recurrent category was mainly due to higher than targeted domestic interest payments and higher expenditures in operations and maintenance (**Table 5 and Chart 10**).

Table 5: Expenditure and Net Lending, Period Ending 30th September, 2021 (KSh. Millions)

**Source of Data: National Treasury** 

37. Foreign interest payments amounted to KSh. 30.0 billion, lower than KSh. 34.1 billion paid over the same period in the FY2020/21. The domestic interest payments totalled to KSh. 101.1 billion, which was higher than the KSh. 81.2 billion paid in the corresponding period in the previous financial year. The expenditure data in GFSM 2014 format is shown in annexes III and IV.

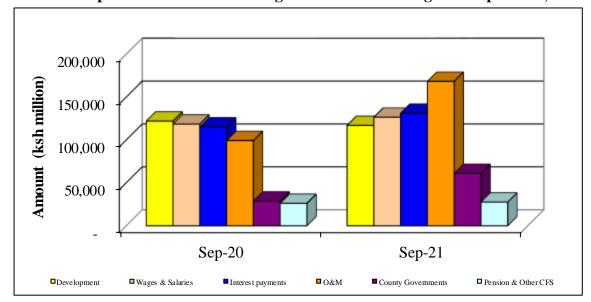

Chart 10: Expenditure and Net Lending for the Period ending 30th September, 2021

Source of Data: National Treasury

#### 2.2.1 National Government Expenditures by Public Agencies

- 38. The total ministerial and other public agencies expenditure including A.I.A was KSh. 377.4 billion against a target of KSh. 489.8 billion. Recurrent expenditure was KSh. 282.1 billion against a target of KSh. 321.4 billion, while development expenditure amounted to KSh. 95.3 billion against a target of KSh. 168.5 billion. The percentage of total expenditures to the target was 77.1 percent while the percentage of total expenditures to the target for recurrent and development were 87.8 percent and 56.6 percent respectively, as at the end of the period under review. The discrepancy between actual and target expenditures was partly due to the non-capture of the parastatals and some other government entities expenditures. These ministerial expenditures are therefore, provisional.
- 39. As at 30th September, 2021, recurrent expenditures by the State Department for Early Learning and Basic Education, State Department for University Education; Teachers Service Commission; State Department for Vocational and Technical Training and the Ministry of Health (Social Sector) accounted for 41.1 percent of total recurrent expenditure. In addition, the State Department for Interior and Citizen Services and the Ministry of Defence accounted for 10.6 percent and 9.8 percent of total recurrent expenditure respectively.
- 40. Analysis of development outlay indicates that the State Department for infrastructure accounted for the largest share of the total development expenditure (32.0 percent), followed by the State Department for Planning (11.1 percent), Ministry of water, Sanitation and irrigation (10.2 percent) and the National Treasury (7.8 percent). The expenditures by large Ministries/State Departments were below target because of under reporting of expenditure from the sub-national, parastatals and some donor funded projects. **Table 6** shows the recurrent and development expenditures by Ministries, State Departments and other government entities for the period under review.

Source of Data: National Treasury

41. During the period under review, Energy, Infrastructure and ICT (EI&ICT) sector recorded the highest absorption at 94.6 percent followed by National Security at 93.4 percent and Education at 82.9 percent. Social protection, Culture and recreation Sector (SPC&R) recorded the lowest absorption of 39.1 percent (Chart 11).

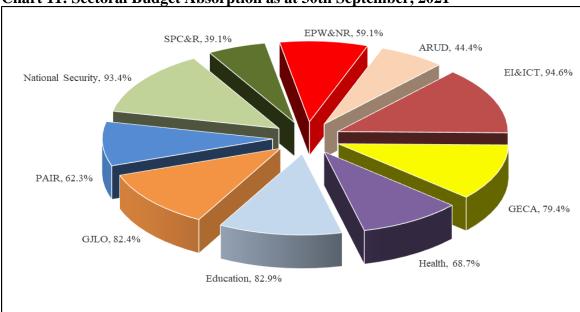

Chart 11: Sectoral Budget Absorption as at 30th September, 2021

Source of Data: National Treasury

#### 2.2.2 Pending Bills

- 42. The total outstanding national government pending bills as at 30th September, 2021 amounted to KSh. 423.2 billion. These comprise of KSh. 371.5 billion (87.8 percent) and KSh. 51.6 billion (12.2 percent) for the State Corporations (SC) and Ministries/State Departments/other government entities respectively. The SC pending bills include payment to contractors/projects, suppliers, unremitted statutory and other deductions, pension arrears for Local Authorities Pension Trust, and others. The highest percentage of the SCs pending bills (55.0 percent) belong to Contractor/Projects and Suppliers. Ministries/State Departments and other government Agencies pending bills constitutes mainly of historical pending bills as at September 2021. Submissions of pending bills from MDAs for the first quarter in the FY 2021/22 is still ongoing. These numbers are therefore provisional.
- 43. The National Government policy on clearance of pending bills continues to be in force. All MDAs are therefore, expected to continue with prioritization of payment of the pending bills by settling them as a first charge in the current Financial year budget in line with the Treasury Circular No. 7/2019.

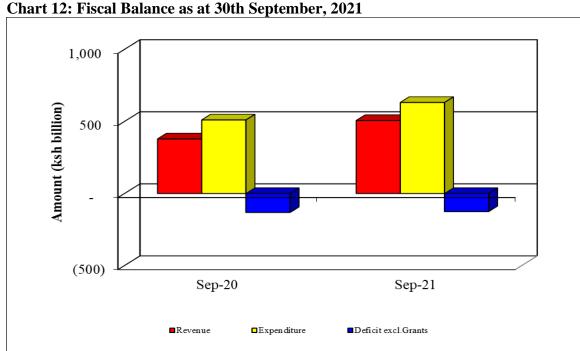

#### 2.2.3 Guaranteed Debt Service

44. The government did not service any guaranteed debt during the period under review since cumulative principal and interest payments of guaranteed loans to parastatals

with liquidity problems were fully paid. As at end September 2021, all guaranteed debts were performing.

#### 2.3 Fiscal Outturn

45. During the period July to September 2021, the fiscal balance (on commitment basis and excluding grants) amounted to KSh. 125.4 billion (1.0 percent of GDP) against a targeted deficit of KSh. 185.5 billion (1.5 percent of GDP) (**Chart 12 and Table 8**). The fiscal balance (on a commitment basis and including grants) stood at 0.9 percent of GDP against a target deficit of 1.4 percent of GDP.

Source of Data: National Treasury

46. Over the same period in FY2020/21, the fiscal deficit including grants (on commitment basis) stood at KSh. 127.8 billion (1.1 percent of GDP). The fiscal outturn in the last six FYs and the Printed Estimates for the FY 2021/22 are shown in **Annex I**. Further, GFSM 2014 Compliant Budgetary Central Government fiscal data for the FY 2021/22 are shown in annexes V and VI.

#### 2.4 Financing

#### 2.4.1 External Financing

47. During the period ending September, 2021, there was a net repayment of KSh. 28.2 billion (**Table 9**). Total disbursements (inflows) including Appropriations-in-Aid amounted to KSh. 19.1 billion against a target of KSh. 40.4 billion. The actual total disbursement comprised of Ksh 13.9 billion Project Loans A.I.A and KSh. 5.2 billion Project Loans-Cash. The External repayments (outflows) of principal debt amounted to KSh. 47.3 billion. The amount comprised of principal repayments due to bilateral sources, commercial institutions and multilateral sources amounting to KSh. 21.1 billion, KSh. 18.0 billion and KSh. 8.3 billion respectively.

#### 2.4.2 Domestic Financing

48. As at 30<sup>th</sup> September, 2021, net domestic borrowing amounted to KSh. 140.0 billion (**Table 10**) against a target of KSh. 182.5 billion (**Table 8**). The borrowing comprised of KSh. 130.8 billion from Non-Banking Financial Institutions, KSh. 105.2 billion from commercial banks, KSh. 30.0 billion from the Central bank, KSh. 3.0 billion from Non-Residents. The amount also comprised of KSh. 129.0 billion on domestic loan repayments and other accounts payable (other domestic financing). During the same period in FY 2020/21, the domestic borrowing amounted to KSh. 152.4 billion, comprising of KSh. 152.1 billion from Commercial Banks, KSh. 117.8 billion from Non-Banking Financial Institutions, KSh. 1.0 billion from Non-Residents and a net repayment of KSh. 116.7 to the Central Bank of Kenya. (**Table 10 and Chart 13**).

#### 3.0 PUBLIC DEBT

#### 3.1 Overall Debt Position

50. The gross public debt as at 30th September, 2021 increased by KSh. 875.7 billion to KSh. 7,996.3 billion compared to KSh. 7,120.6 billion as at end of September 2020. The gross public debt comprised of 50.8 percent external debt and 49.2 percent domestic debt. The increase in the public debt is attributed to external loan disbursements; exchange rate fluctuations; and uptake of domestic debt during the period. The net public debt was KSh. 7,452.1 billion by end of the period under review (**Table 11**).

#### 3.3 External Public Debt

53. In dollar terms, external public debt stock increased by US\$. 2,967.3 million from US\$. 33,765.8 million as at September, 2020 to US\$. 36,733.1 million by the end of September, 2021 (**Table 13**). This comprised debt owed to multilateral lenders (41.9%), commercial banks (29.5 %), bilateral sources (28.3%) and Suppliers Credit (0.3%). The increase is attributed to increase in external loans disbursements and exchange rate fluctuations during the period.
