Drove through Kenol Thika

Wamesema hawapagwigwi!

Today it was a final chance for our family to bid Mzee a goodbye. Once again I would like to recognize hon William Ruto for his concerns. You have been good to us and we as a family won't stop appreciating you. You are such a kind leader everyone would always wish to work with.

The incident of this young man has drawn my attention. I wish to inform the public that despite not being formally known to our family, he would be allowed to attend mwai kibaki's burial in Othaya tomorrow.

Joining politics has always been my wish. Choosing sides is my democratic right. Among the sides in the political scene, Kenya Kwanza is the path I would stick to.

During kibaki's regime, he never abused his deputy. Hon Uhuru was wrong with your government?

High costs of living, low wages, poor infrastructure and huge debts. Blame deputy won't help you, neither does praising your old man.

It shows me how some people are taking advantage of David Ole Sankok's gift to score cheap political points as expected of Azimio, right? Let's embrace one another and cope with sorrow and grief.
